Pat's Resume Template Documentation

Patrick Benito Eberhard

2025/03/02

1 Introduction

The `pats-resume` class is designed for elegant resume formatting. It includes features for setting personal information, adding sections and entries, and customizing the layout.

2 Usage

To use this class, include the following in your LaTeX document:

```
\documentclass{pats-resume}
\setname{Patrick}
\setemail{pat@example.com}
\setphone{+1234567890}
\setlinkedin{linkedin.com/in/patrick}
\setgithub{github.com/patrick}
\begin{document}
...
\end{document}
```

3 Class Options

The `pats-resume` class supports the following options:

- `9pt` - Sets the base font size to 9pt.

4 Commands

The `pats-resume` class provides the following commands:

- `\setname{<name>}` - Sets the name.

- `\setemail{<email>}` - Sets the email.

- `\setphone{<phone>}` - Sets the phone number.

- `\setlinkedin{<linkedin>}` - Sets the LinkedIn profile.

- `\setgithub{<github>}` - Sets the GitHub profile.

5   Environments

The `pats-resume` class provides the following environments:

- \ResumeSection{<section>} - Creates a new resume section.

- \entry{<title>}{<subtitle>}{<location>}{<date>} - Adds an entry.

- \details{<details>} - Adds details to an entry.

- \tools{<tools>} - Adds tools used in an entry.

6   Examples

Here is an example of a resume using the `pats-resume` class:

```
\documentclass{pats-resume}
\setname{Patrick Benito Eberhard}
\setemail{patrick@fictionalemail.com}
\setphone{+1 (650) 000-0000}
\setlinkedin{linkedin.com/in/patrick-benito}
\setgithub{github.com/patrick-benito}
\begin{document}
\ResumeSection{Education}
\entry{Skyline University}{MSc in Robotics and Intelligent Systems}{Techburg, Techland}{2023 {-
\details{
  \item Relevant courses: Autonomous Vehicle Navigation, Advanced Robot Control, AI for Robotics
  \gpa{\item Current GPA: 9.8/10.0.}
}
\end{document}
```
